## **CME Details and Timeline:**

### **Program Details:**

The Certified Marketing Expert (CME) certification program is unique in that it is modeled after many online courses offered at Ivy League institutions today, offering more value for a more cost-effective program. The CME Program is a self-study program that includes educational multimedia resources in video form, a study guide, required readings, and a flexible online examination process, accessible around the world.

The online exam is structured so that in order to complete the exam within the 2-hour time frame one must read through all of the assigned materials and conceptually understand the majority of the material to score well enough to pass the exam.

Our goal is to offer the most challenging marketing certification program in the industry while also providing all of the learning tools possible to ensure participants get the most out of the experience. By testing the knowledge depth and comprehension from the materials digested, the CME certification prepares individuals for successful, real-world application.

The Certified Marketing Expert (CME) program is sponsored by the Business Training Institute and offered by the Business Training Institute. This certification program is designed to show and certify that you have gained an in-depth understanding and specialized knowledge of marketing best practices, including advanced strategies of veteran marketers with over 30 years of experience.

In addition to the benefits of gained knowledge, growing industry recognition, more knowledgeable career choices, and networking, our organization is also developing additional resources for CME Participants. This includes video and MP3 recordings on Q&A or strategies and tactics, webinars, access to interviews with internet marketing professionals who have more than 10, 20, or 30+ years of experience in the industry, among many more benefits.
